Our Vision

- ▲ To enhance the quality education in schools.
- ▲ To promote academic excellence in schools.
- ▲ To recognize the innate talent of the pupils & encourage them.
- ▲ To provide the scholarships and stipends to the BPL students for further studies.
- ▲ To change the youth into global intellectuals.

Our Mission : Establishing "CMOF Voluntary Sr. Sec Schools" in agency and remote areas for BPL students.

About US

CMOF Edu Solutions Pvt. Ltd., is also known as India's Biggest Cloud Olympiad & India's First Organization certified for Testing & Assignments by ISO – 9001-2015 certification.

Incorporated and registered by Govt. Of India and run's by expertise & eminent academicians, professors with International working platform people.

CMOF also honoured by many universities and politicians on our great efforts in uplifting the BPL – students and merits students by organizing the State/ National / International Olympiads across India and abroad.

CMOF Olympiads are conducted every year on various subjects such as, mathematics ,Science, English, Hindi, Computer Science and Astronomy to assess the competition competency and proficiency of school students on most of the main stream subjects taught in school as their regular curriculum.

CMOF provides students an international platform to prove their mettle on these subjects with their counterparts from India and abroad, by participating in these subjects, which is based on the syllabuses of CBSE/ICSE/IB and various other state boards they will be able to explore new areas from their syllabuses which were perhaps, never explored and they will be able to test their skills and the Olympiads will sharpen them to a new extent, provide know – how about international standard.

The regional or local competition does not provide the right insight for the future competitions. We assure that these exams will enhance the problem solving skill of the students to a new high..

We have 26 state local channel partners and offices with 400 district centres to promote and explore our intellectual Olympiads in every State/ Districts & Cities to reach beyond the expectation of School/ Teacher /Students / Parents.

WHY CMOF

- ❖ International Platform to prove your mettle.
- ❖ Have more than 500 Principals, Directors of school, Head Master/Mistress from India and abroad as our Honorary Advisory board members to help and guide us.
- ❖ More than 500 reputed schools have registered as our city center from India and abroad.
- ❖ Over 2 million students have appeared in the Olympiads conducted by us.
- ❖ Over 1300 schools from India and abroad are registered with us and has; conducted our Olympiads in school.
- ❖ All class toppers with a minimum of 50% Mark from a participating school with 100 students and above from the 1st level of all Olympiads are eligible for Awarding the Merit Certificates.
- ❖ Detailed Graphical analysis Result for students as well as school.
- ❖ Guideline for conducting examination in school is so clear that very seldom any query is generated from the school.
- ❖ In other words, we are ahead of others in every possible respect.

CMOF Edu Solutions Pvt. Ltd., is an registered organization & incorporated with govt. of india founded and run by expert having experience on international platform working people and, presents the State Science Olympiad (SSO) with the objective of promoting Science Talents in India and abroad. The organization actively promotes Science

education through! workshops, seminar, refresher courses, Science Olympiads at the national and international levels.CMOF is supported by many educationalist and eminent academicians from across India. CMOF is an ISO 9001:2015 Certified Organization and recognised by many educational institutions and Govt. Educational Departments like NCERT / SCERT / DSCERT. Students Judge themselves at international levels. The test at local or regional level does not provide the right insight and judgement about the challenges ahead. SSO builds a solid foundation for school students to excel in science based on State/ICSE/CBSE and State board syllabus.

- ❖ A comprehensive report based on Olympiad Examination enables student to develop deeper into their strength and weaknesses.
- ❖ It also motivates them towards excellence. SSO promotes Science talents from school to national and higher levels by recognizing their merits and awarding them.
- ❖ SSO promotes participation of the teacher for the benefits of the student community.

India has seen a spectacular success in IT and computers which is acknowledged around the world, but computer education in our country is highly fragmented and without any common goal platform. Realizing the huge importance of streamlined and competitive education in computer and IT and with a view to fortifying India's success. CMOF into its state Cyber Olympiad, which is based on state board and general syllabus of each state of India.It motivates children to strengthen their knowledge in mental ability, logical reasoning & computer knowledge. Proficiency in this areas will help every child to face the problems related to software solutions, management crises, lack of judgement and decision making. State cyber olympiad (SCO), which will be held across the country with the following goals.

- ❖ Streamlining computer education.
- ❖ Instilling competitive in computer education.
- ❖ Including logic, reasoning and mental ability in the learning process.
- ❖ Identifying talent and accessing students on a nationwide platform.
- ❖ Exposing students to the latest technology and study in computers.
